Hannah Alfonso

On this evening, you will get to hear the students perform solos while enjoying salivating snack and succulent sweets. This is a fun opportunity for you to see solos and satisfy your sweet tooth! The students will be placed into three one-hour groups so that each family will be able to attend their student's group and allow for more room for each group. So sit back and savor the sassy sound of snares as you scoff snacks, sweets, and sodas!
